

**Come to our *FREE* seminar on**  
**Tuesday October 13<sup>th</sup>, 2009**  
**From 7pm - 9pm**  
**At the Fisher Park Public School Cafeteria,**  
**250 Holland Avenue, Ottawa, K1Y 0Y6**

**Join us to find out about low-to-no cost ways to save  
on your energy bills and GHG emissions!**

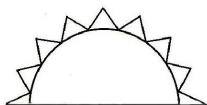

You do not need to be an environmentalist to want to save on your energy bills! Reducing the amount of energy used means lowering GHG emissions, less pollution, and more money in your pocket.

Get Energy Smart! is an initiative that aims to inform tenants, homeowners and non-environmentalists alike about small solutions available to you in your local store, through your community association, throughout the City of Ottawa and on provincial and federal levels as well!
